SAFE TRAVEL

The image shows a smartphone screen displaying the 'SAFE TRAVEL' app's account creation interface. The app's logo, a stylized 'S' inside a hexagon, is at the top left. The title 'SAFE TRAVEL' is in white, bold, uppercase letters. Below it, the main heading 'Create Your Account' is in a larger, bold, white font. Underneath, the subtitle 'Secure Your Journey' is in a smaller, regular white font. The form consists of several white input fields with rounded corners and icons on the right: 'Full Name' (person icon), 'Confirm Password' (lock icon), and 'Email Address' (envelope icon). Below the email field, the text 'Email Address' is repeated. The next section is 'Identity Document (Aadhaar/Photo)' with a shield icon. It contains two buttons: 'Upload Passport Photo' and 'Upload Aadhaar Photo', each with a camera icon. The 'Trip Emergency Contacts' section follows, with a grid of four input fields: 'Destination' (with 'Notionality' as placeholder text), 'Start Date' (with 'Start Date' as placeholder text), 'Purpose of Travel' (with 'ContacNumber' as placeholder text), and 'Phone Number' (with 'Phone Number' as placeholder text). At the bottom of the form is a large, rounded rectangular button with a blue-to-pink gradient and the word 'REGISTER' in white, bold, uppercase letters. Below the button, the text 'Digital ID secured by Blockchain' is displayed in a small, regular white font. The entire app interface is set against a dark blue background with a subtle bokeh effect of light spots.
